

Driving Directions from Albuquerque, NM to Unit 36 meeting place:

The town you will be meeting in is **Ruidoso, NM at White Mountain Taxidermy.**

Please call before you travel so we can get you the phone number of your guide so that you can arrange a meeting time with him and apprise him of your travel plans. Also let us know all flight plans and call if ANY THING CHANGES so that we can adjust your meeting time accordingly. **Please plan on meeting at no earlier than 2:00 pm.**

From Albuquerque:

From the airport take I-25 South towards Socorro.

Shortly after Socorro, NM look out for HWY 380 (exit at the town of San Antonio, NM onto HWY 380). Great green chili cheese burgers at the Buckhorn Tavern in San Antonio, worth the wait! It has been featured on Food network "Throw down with Bobby Flay" (Buckhorn Tavern won the throw down), and GQ magazine ranked them as in the top 20 burgers in the US (they were ranked #7). The Owl bar and Café across the street serves a pretty mean green chili cheeseburger as well!

You will follow 380 to the town of Carrizozo. **If you don't need to visit the rifle range:** You will pass through Carrizozo on 380 and shortly after take a right on HWY 37 to Nogal/Alto, This turn will sneak up on you a little. Stay on 37 until it meets up with 48. Turn right on to 48 towards Ruidoso, and turn left on 70 to the meeting place.

****Firearms hunters: if you have time/need to visit a rifle range:** In Carrizozo take 54 South towards Tularosa. In Las Luz, NM (towards Tularosa) there is a great rifle range: **19 Rock Cliff Road, La Luz, NM 88337 Phone: 575-443-9006.** After shooting, take 70 towards Ruidoso. You will meet guides in Ruidoso. You can shoot in camp for a quick check if needed, but it's shooting off sticks. The Las Luz range is really very nice for sighting in.

White Mountain Taxidermy is the meeting place in Ruidoso, NM. The address is: 26376 HWY 70 Ruidoso Downs NM, 88346. Please note that Ruidoso recently change their addressing system, and as a result not all car's GPS units will get you exactly to the front door, but White Mountain Taxidermy assures us that it should get you close!)

It's on the right side of 70 after the horse track and Casino. 575.973.7458 is the shop number if you have a hard time finding them.

My wife Karin is in the office (505-801-7500) when I am in camp. This is usually the best number to try during hunting season as I often don't have cell service. 505.860-3197 is my cell. Leave a message, I check often on arrival day, but again, I don't always have cell service. The office number is a better bet.

There is a range in Ruidoso as well but you need special arraignments to use it - talk with me first.
